

World of Miracles

Carlene Carter

I'll be waitin' by the door
When you come home
Waitin' for the words
I wanted to hear from you for so long
Everything could change
Anythin' is possible
In this world of miracles I'm here, you're there
(Aaa)
We're world's apart
But still we share
(Ooh)
Love deep in our hearts
I still cry over you
At the drop of the hat
I lose control just like that It's not too late
(Aaa)
It's not too late
My love will wait
(Ooh, aaa)
It's not too late
Anythin' is possible
In this world of miracles There's never been
Anyone for me but you
For all my runnin'
It's you I keep coming back to
(Ooh, ooh)
We can move this mountain
Together anything's possible
(Aaa)
In this world of miracles It's not too late
(Aaa)
It's not too late
My love will wait
(Aaa)
It's not too late
Anythin' is possible
(Aaa)
In this world of miracles
We can move mountains

(Aaa)

In this world of miracles

Anythin' is possible

(Aaa)

In this world of miracles Tarararara tarararara

Tarararara darararara

In this world of miracles

Tarararara

In this world of miracles
