

Kiss Me Like You Wanted - We Will Never Tell

I Am Ghost

This blood is mine (4x)
?This blood is blue!
Just don't forget it's mine
Kiss me now like you wanted?
We will not die!
I will never tell,
So kiss me now like you wanted?
We will never tell just what you wanted from love?I can't breathe without you...
For today we will?
Just like an angel!
She is just like you, the sixth dimension of emotion,?She turns my head
This is my head for today
?We will never tell just what you wanted from love?I can't breathe without you...
For today we will burn
?Inside of me, inside of me, we will burn! (3x)This blood is mine (4x)?
We will never tell just what you wanted from love?I can't breathe without you...
For today we will burn?We will burn
This is mine
This is mine
