

Hand On The Place

Andrew W.k.

When I hear these words
Hear these words
I will think with words
Think with words
And when I'm wondering
I'm wondering
I'm wondering
Wondering how
I just go with it
Just go with it, just go with it
Go with it, go with it
Go with it now, right now, right now
Because I had my hand on the place
But I had no way of knowing
If my hand was just falling through space
Or into the place that was showing
But I still had my hand
Oh, I had my hand on the place
Oh, oh, over and over and over
And over again
What if it's my fate?
It's my fate
To be right where I am now
I am now
And now it's happening
It's happening
It's happening, happening
Happened again and again
Because I had my hand on the place
But I had no way of knowing
If my hand was just falling through space
Or into the place that was showing
But I still had my hand
Oh, I had my hand
I had my hand on
My hand on the place
Oh, oh, oh, oh
