

Before We Come Undone (full band) (Cherokee)

[Kris Allen](#)

You could break this silence with
Words we wish we'd never said,
But I can hear it like a scream.
What's become of you and me?
Are we still inside this night,
Or am I going crazy? I'm just trying to understand
Who I was and who I am,
But you are changing just the same.
So can you tell me who's to blame?
Could we put our weapons down,
Just to figure this out now? Pride is out the door
'Cause I know we can make it before
Make it before
The sun breaks another day.
I wait 'til you say I'm the only one
Before we come
Before we come undone. If you say that it's too late,
Those are words my heart can't take.
And this night is out to kill,
And if we let it, it will.
Could be both forgive somehow?
'Cause I'm not letting you down now! Pride is out the door
'Cause I know we can make it before
Make it before
The sun breaks another day.
I wait 'til you say I'm the only one
Before we come
Before we come undone. Watch out here we go
There's no turning back, you know.
We can keep going 'round and 'round and 'round and 'round, so now Pride is out the door
'Cause I know we can make it before
Make it before
The sun breaks another day.
I wait 'til you say I'm the only one
Before we come
Before we come undone. Pride is out the door
'Cause I know we can make it before
Make it before
The sun breaks another day.

I wait 'til you say I'm the only one
Before we come
Before we come undone. Before we come undone
Before we come undone
