Defame Me

New Years Day

Whoa
I'm not afraid to cry through thick and thin
If only you noticed
If only you could see
The struggle, the silence
I'm not afraid to bleed
Just let the past go, it's ancient historyIf you keep shutting me out, it's gonna haunt you
When you choke on your wordsDon't you go and make a scene
I am the one you need
I am the blood that boils when you feel me through your veins
Don't you go and make a scene
Nothing is what it seems
Are we gonna let this go to waste and let it all decay
Don't you go and make a scene
WhoaWith you or without you misfortune finds it's way
You're with me or against me I refuse to wait
I wound up giving everything and now I want nothing to do with you
Now your choking on your wordsDon't you go and make a scene
I am the one the one you need
I am the blood that boils when you feel me through your veins
Don't you go and make a scene
Nothing is what it seems
Are we gonna let this go to waste and let it all decay
Don't you go and make a sceneGo ahead blame me you can't defame me
Get it all out of your system
Go ahead hate me I don't careIf you keep shutting me out it's gonna haunt you
When you choke on your wordsDon't you go and make a scene
I am the one you need
I am the blood that boils when you feel me through your veins
Don't you go and make a scene
Nothing is what it seems
Are we gonna let this go to waste and let it all decay
Don't you go and make a scene
Whoa
