

I Don't Wanna ft. Kiani

K'nova

[Kiani]

Saw you with your girl
so don't try to lie to me boy you got me twisted
I don't know what's down this road
But I gotta go
Cause I'm outta love
If you say you really love me
Then why am I hurting
I gotta let go of you
for somebody who could do what you couldn't

[K'nova]

Now wait a minute before you go any further
now just think about this
Girl you know you're my sunshine
don't need a night like this
I keep you warm like this weather
Tight like some new kicks
High like a fever
Queen like a crown
You can leave me dry
Oh baby leave me hanging
Cause if you're hurting like I'm hurting
love is in the making
Baby we can let it go like Keyshia
Or we can make up like Victoria Secret

But I don't wanna I don't wanna ah ah
I don't wanna I don't wanna ah ah
Go away go away go away
(But I) I don't wanna I don't wanna ah ah
I don't wanna I don't wanna ah ah
Go away go away go away

[Kiani]

They tell me one is a lonely number next to number 2
But I would rather be that lonely number woman than be with you
Because to me it's all or nothing
Nothing standing tall

If I can't come first rather not come at all
Can't sleep one night feeling what I feeling is neglect
They say that love is real but I don't feel the full effect
And maybe I can't take it no more

[K'Nova]

If you really mean what you're saying right now
See I would walk away but I can't right now
Cause my heart's still here
Yeah my hearts still here
Put your hand on my chest girl my hearts still here
So so there put you first than the rest
I like it when we kick it like soccer
Chill like an ice chest
The way you kiss on my neck in the sunset
I don't believe forever should now end
But I don't wanna I don't wanna ah ah
I don't wanna I don't wanna ah ah
Go away go away go away

[Together]

But this can't go on
Cause you'll never love
Love me the way I want you to
This can't go on
Cause you'll never love
Love me the way I want you to

[Kiani]

And if I do stay will you promise to me that you love me
Love me my way
And baby hold me in your heart and hold me with your love
Gotta treat your woman like a queen
That's all I'm asking for
If I do stay will you promise to me
That you love me
Love me my way
And baby hold me in you heart and hold me with you love
Gotta treat your woman like a queen that's all I'm asking for
All I want is all I want is oh oh
All I want is all i want is oh oh
Love me boy love me boy
Love me boy (keep repeating)

[K'Nova]

Promise to yall (drag it out)

Promise to love

Love you the way you want me to promise to yall

I promise to love

Love you the way you want me to
