

What About Now

Lonestar

The sign in the window said, "For sale or trade"
On the last remaining dinosaur Detroit made
Seven hundred dollars was a heck of a deal
For a four hundred horsepower jukebox on wheels
And that road rolls out like a welcome mat
I don't know where it goes but it beats where we're at
We always said, "Someday, somehow
We were gonna get away, gonna blow this town"
What about now, how 'bout tonight?
Baby for once let's don't think twice
Let's take that spin that never ends
That we've been talking about
What about now, why should we wait?
We can chase these dreams down the Interstate
And be long gone 'fore the world moves on
And makes another round, what about now?
We've been puttin' this off baby long enough
Just give me the word and we'll be kickin' up dust
We both know it's just a matter of time
'Til our hearts start racin' for that county line
What about now, how 'bout tonight?
Baby for once let's don't think twice
Let's take that spin that never ends
That we've been talking about
What about now, why should we wait?
We can chase these dreams down the Interstate
And be long gone 'fore the world moves on
And makes another round, what about now?
We could hang around this town
Forever making plans
But there won't ever be a better time
To take this chance
What about now, how 'bout tonight?
Baby for once let's don't think twice
Let's take that spin that never ends
That we've been talking about
What about now, why should we wait?
We can chase these dreams down the Interstate
And be long gone 'fore the world moves on
And makes another round, what about now? Yeah
What about now?
