The One

Zhu

Baby you say that I'm the one
Baby you say that I'm the one
Baby you say that I'm the one
Baby you say that I'm the one
Baby you say that I'm the one
You say that I'm the one that loves you more
Baby you say that I'm the one
That's why I'm always holding you so close
Baby you say that I'm the one
You say that I'm the one that loves you more
Baby you say that I'm the one
That's why I'm always holding you so close
Baby you say that I'm the one
You say that I'm the one that loves you more
Baby you say that I'm the one
That's why I'm always holding you so closeBaby you say that I'm the one
Baby you say that I'm the one
Baby you say that I'm the one
Baby you say that I'm the oneBaby you say that I'm the one
You say that I'm the one that loves you more
Baby you say that I'm the one
That's why I'm always holding you so close
Baby you say that I'm the one
You say that I'm the one that loves you more
Baby you say that I'm the one
That's why I'm always holding you so close
