

Free Enterprise (feat. John Legend)

Rick Ross

God is great, first and foremost
Don't you wish everything could be so perfect? [Rick Ross]
Free Enterprise, overexposed
Gravitated and educated still scribble my flows
The jubilation, the euphoria
Pushing a foreign in the morning
Pick your up
Drop your seed out, let the weed up
Slow motion, fast forward till we speed up
Grinding till my new account is fully at ease
Beefing with broke niggas really like pulling my teeth
Get away from me, you looking so suspicious
Light pocket, heavy hearted, you simple minded niggas
Don't be jealous of me, I keep enough owls
Get all the sneakers, not enough clothes
You can have an ex, I got enough hoes
You can have my next, once we a month old
Reptile black birkin handle
Now the trophy on a , well I got a fandom
Being down and out was inconceivable
When you find out the one you love is just misleading you
Trynna' make a living, remain spiritual
Egotistical ways I embraced back in middle school
If the chick was game, we would run a train
Sin at home on a bust then forget her name
But now the bitches be the realest ones
feeling numb
See the man getting life and never shed a tear
But his daughter ain't a [?], never pierced her ears
Time will come when all that nice shit disappears
Why you think I'm on the night shift with the pears?
My Double R, Ricky Ross, bitch we been the game
Bottom of the black market, trynna' rise the game
My inner Andre 3000
So many false allegations
3 weeks
As i'm pacing in the cell all this pictures painted
All i wanted was some Bel Air
just because I'm famous

Or is it cause' I'm rich and I know what pain is
Assassinate Trump like I'm Zimmerman
Now accept these words as they came from Eminem
Democratic

Killing them, I voted for Andre Benjamin
Heard of black music do you know what rhythm is?
Straight clear my chicks finish my sentences
[John Legend]

So if I die before I wake, say I, I lived my way
Never said I would be perfect
Never said that I deserved it
Never said I wouldn't lie
Never said I wouldn't make my mum cry
But if i'm gon' die, I believe it's alright
It was so amazing, so amazing
It was so amazing, so amazing
I wouldn't change a thing, no no no
It was so amazing, so amazing
It was so amazing, so amazing
I wouldn't change a thing
