Acid Rain

Firehouse

We're clueless, and we got all the answers
We're brilliant, we got no cure for cancer
Don't stay out in the sun too long
Don't you dare eat meat, don't do nothing wrong
Did you see the news, can we breath today?
They say the rain is on the wayChorus:
Yeah, it's going through my brain it's like acid rain
Yeah, we've got too much to learn
It's like I'm getting burned out now
It's running through my brain
These tears are acid rainWe're useless, we'll live to be a hundred
We're genius, you know our days are numbered
I laid out in the sun all day, ate a chili dog
Got it all the way, I didn't watch the news
Don't care what they say
They say more rain is on the wayChorusBridge:
Save me... the sky is scaring me
Save me... I can hardly breatheSoloChorusYeah it's going through my brain, it's like acid rain
Yeah, we've got too much to learn
It's like I'm getting burned
Hey, it's driving me insane, it's like acid rain
Yeah, we've got too much to learn
Like I'm getting burned out now
It's running through my brain
It's driving me insane
These tears are acid rain
