

Send Nudes

Leegit

Chorus

I like seeing you naked
Send another picture baby
You know what to do to put me in the mood
When you sent nudes
Iâ€™m like when you coming through. 2x

Baby I wish I could be there with you
But I love It when you sent them pictures
Got me wishing I was right there with you
Might need a plane to fly out and get you
Oh you getting dressed met me see that
She like boy where my beat at
Where my pussy at I wanna eat that
Oh you need a freak, imma be that
Send nudes let me peep that
Let me see you naked where you sleep at
Got a smile on her and thatâ€™s it
Nice tittys and she thick

Oh lord she going over board
She play with it when she bored
She get wet
She surfboard
Wish I was there. Sheâ€™d cum more
Say baby
You know I always aim to please
Send another one girl he such a tease

Chorus 2x

You sending nudes make me double take
Text back emoji I donâ€™t know what to say
I need you off my phone, in my face
I want you all alone in my space my space
You got me staring canâ€™t even blink
Taking pics in the shower ass on the sink
I want to top you when you topless
Dressing room pics for me when she shopping

Got me wishing I was in it when you send another image
Ass fat, your waist skinny and your tittys on pretty
You know what to do to get me in the mood
You know what to do when you send nudes

Chorus 2x
