

Kaleidoscope

Procol Harum

Jostle, hassle, elbow bustle
In a swirling rainbow tussle
Caught and frozen, broken sheen
Now unites for one brief scene
Lonely in the dark I grope
The key's in my kaleidoscope
Confused faces change their places
Take up stances, exchange glances
Lost in multicolored hues
There is no whole which I can choose
Lonely in the dark I grope
The key's in my kaleidoscope
In one face, one moment's fusion
Realize the new illusion
Clutching fingers break the puzzle
Jostle, hassle, elbow bustle
Still out in the dark I grope
The key's in my kaleidoscope
