Coma

[Muse](#)

Confide in me
Sustain on my apathy
You're such a mess
You can learn not to confessYou will not find it in me
Simply because I can't
Wake up and find it in me
I'm in a comaYou will not find it in me
You'll reveal all your pains again
We'll fall asleep, so deeply out of reach
For years feeling dead, we can fall right out of bedYou will not find it in me
Simply because I can't
Wake and find it in me
I'm in a comaYou will not find it in me
You'll reveal all your pains again
Hey, such a mess but I don't care
Simply because I can'tWake and find it in me
I'm in a coma
You will not find it in me
You'll reveal all your pains again
