

Asking Around for You

Joe Bonamassa

If I get to heaven
The first thing I'll do
Before I meet my maker
I'm gonna ask around for you All of heaven's got to know
The beauty of the truth
I'll tap an angel on the shoulder
And I'll be asking around for you I'm sure you've found a place up there
Where we all could sit & talk a while
Play some cards & drink black coffee
How I'd love to see you smile If I get to heaven, now
Oh, I'm prayin' that I do,
the first thing that I do
Is tap an angel on the shoulder
And I'll be asking around for you I'm sure you've found a place up there
Where we all could sit & talk a while
Play some cards & drink black coffee
How I'd love to see you smile If I get to heaven now, oh I'm prayin' that I do
the first thing I do
Is tap an angel on the shoulder
And I'll be asking around for you I'll tap an angel on the shoulder
and I'll be coming home to you
