# Rock 'N' Roll Saviors

## Twisted Sister

Charging hit the battle like nineteen tell them we all
Fighting for the rockers, for workers and the poor
To lonely we are gaining, we're furthering our course
Disco is slowly dying, we're settling off the scoreWe're the rock 'n' roll saviors
Rock 'n' roll we will defend
We're the rock 'n' roll saviors
We're goin' to fight with all of our might 'til disco is deadThose discos think they've got us, well we've only just begun
Oh, we will go on fighting 'til they're dead and we have won
Winning many battles, we haven't won the war
We're marching off to beat them with the rock 'n' roll for anymoreWe're the rock 'n' roll saviors
Rock 'n' roll we will defend
We're the rock 'n' roll saviors
We're goin' to fight with all of our might 'til disco is deadRock will live forever but disco is gonna die
We have got the power, they won't stop us, let 'em try
'Cause we have come to save you, so listen when I say
Rock will live tomorrow but disco dies todayWe're the rock 'n' roll saviors
Rock 'n' roll we will defend
We're the rock 'n' roll saviors
We're goin' to fight with all of our might 'til disco is dead'Til disco is dead, you know it's dead
You're dead, dead, dead
Well all right, well all right, well all right'Til disco is dead, it's so dead
You know it's dead, dead, dead, dead, dead, dead, dead
Come along, come along, come along
Right now, right now, right now'Til disco is dead, you know it's dead
Honey it's dead, dead, dead
Well all right, well all right, oh
