

# Beta Love

## Ra Ra Riot

Golden light, turned all white  
If I run to you, would you stay?  
I might be a prototype, but we're both real inside  
Would you take me up this time?  
Come take me up this time  
Cause I'm gonna find that place the way that I want I will find my beta love  
When I find my beta love  
You will be my beta love  
My beta love  
Now we're getting closer In this hole, I believe  
You can't tell me no, it's no dream  
In this city of robot hearts, ours were made to be  
You take me up this time  
You take me uá¹— this time  
I was made in that place, no way to deny I will find my beta love  
When I find my beta love  
You will be my beta love  
My beta love  
Now we're getting closer Oh, aye, oh, aye, oh  
My beta love  
When I find my beta love  
You will be my beta move  
My beta love  
Now we're getting closer  
Be my beta love  
When I find my beta love  
You will be my beta move  
My beta love  
Now we're getting closer  
Close to you
