

# Shattered (straight-p realizm remix)

## Daughter Darling

He drags his pretty razor  
Across his tired skin  
He does the world a favor  
His pain leaks  
His freedom begins  
The can't feed from his torment anymore  
Cause all his torment is feeding the floor  
And he smiles as he says good-bye  
He says good-bye  
She sees the city all in one blink  
Where is her exit from this loneliness?  
He's in the crowd she knows her heart begins to sink  
Will she hear his love confessed?  
Hear his love confessed  
Love isn't free within this hateful world  
There's a price to pay with every slam of her door  
And when it's over she's never satisfied  
She says good-bye  
I can't live knowing  
What this world has to offer to me  
Cause in the end it doesn't matter  
In the end it's all shattered  
Shattered  
Good-bye
