

What Happened To Emotion? (killing Me)

Forever The Sickest Kids

Yeah, we're young but for how much longer?
We've been caving in under all the pressure,
All for time.
You're cynical and kinda crazy,
And honestly we've been contemplating why we even try.

You're killing me, killing me, killing me slow.
And I don't even, don't even, don't even know.
What it is that you're doing.
If you really knew me you would let me go

And you're cutting me, cutting me, cutting me down
And you're wearing me, wearing me, wearing me out
And the songs that we're singing
The point of our feeling
What happened to emotion?

I'd make amends if it made things better
We give, you take with such little effort
All for time.
Sure I'm passive but you're aggressive
And I honestly can't be tolerating it anymore

You're killing me, killing me, killing me slow.
And I don't even, don't even, don't even know.
What it is that you're doing.
If you really knew me you would let me go

And you're cutting me, cutting me, cutting me down
And you're wearing me, wearing me, wearing me out
And the songs that we're singing
The point of our feeling
What happened to emotion?

Hands up 'cause I'm jumping off this train
I'm giving up and I hope It's not too late
I'm taking back, taking back what I said
'Cause I'm done, I'm done pretending
'Cause I don't wanna stop, I don't wanna change
I don't wanna stop, I don't wanna change

I'm never gonna stop, never gonna change
We're never gonna stop, never gonna change

Killing me, killing me, killing me slow.
And I don't even, don't even, don't even know.
What it is that you're doing.
If you really knew me you would let me go

You're killing me, killing me, killing me slow.
And I don't even, don't even, don't even know.
What it is that you're doing.
If you really knew me you would let me go

And you're cutting me, cutting me, cutting me down
And you're wearing me, wearing me, wearing me out
And the songs that we're singing
The point of our feeling
What happened to emotion?
