

# It Takes One to Know One

## The Donnas

Burned your way in under my skin  
When nobody was lookin'  
It's so easy to talk about me  
When I'm not around to say I may not be a man but you're not one either  
It takes one to know one  
(It takes one to know one)  
Who's calling names and pointing fingers?  
It takes one to know one  
(It takes one to know one) Cut me then you blame me for bleeding  
You won't see me begging and pleading  
It's so easy to talk about me  
When I'm not around to say I may not be a man but you're not one either  
It takes one to know one  
(It takes one to know one)  
Who's calling names and pointing fingers?  
It takes one to know one Tell me what I'm supposed to do  
That's funny coming from you  
You're not a boy not yet a man  
Never even done time in a van You don't know what you're talkin' about  
It's about time somebody called you out  
Tell me am I speaking English  
Or is this just a death wish? Just because we're face to face  
Doesn't mean that we're eye to eye I may not be a man but you're not one either  
It takes one to know one  
Who's calling names and pointing fingers?  
It takes one to know one  
(It takes one to know one) It's age before beauty and you got neither  
It takes one to know one  
(It takes one to know one)
