

# Deserve

## Teairra MarÃ-

Baby I deserve better  
You know I deserve better  
Baby I deserve better  
You know I deserve better

You hit me up, throwing me back  
Oh, you don't know how to act  
See, what you won't do, he would do for me  
Won't be blinded by my feelings  
You've been scheming on the low  
Creeping on the low  
Boy, you think your slick but I already know  
Don't know who you've been with before  
If she ain't let you know  
I ain't like them other girls, baby, oh

You can forget about us, baby  
I read between the lines, so baby  
I never thought I'd say that  
You ain't good for nothing and you don't deserve my loving cause

I deserve better, than you  
I deserve better  
Play your games with someone else  
I deserve better, than you  
Choking up the deuces cause I deserve better than you baby  
I deserve I deserve  
I deserve I deserve  
Better than you  
I deserve, I deserve  
I deserve, I deserve

I'm be like fall away down  
Hey, I wouldn't give your love away  
But what's a girl to do now, hey  
Got me feeling some type away  
Cause you've been scheming on the low  
Creeping on the low  
Boy you think your slick but I already know  
Don't know who you've been with before

If she ain't let you know  
I ain't like them other girls, babe, oh

You can forget about us, baby  
I read between the lines, so baby  
I never thought I'd say that  
You ain't good for nothing and you don't deserve my loving cause

I deserve better, than you  
I deserve better  
Play your games with someone else  
I deserve better, than you  
Choking up the deuces cause I deserve better than you baby  
I deserve, I deserve  
I deserve, I deserve  
Baby I deserve , Better than you  
I deserve, I deserve  
I deserve, I deserve

You hear me out, don't win me back  
Oh, you don't know how to act  
See, what you won't do, he will do for me

I deserve better, than you  
I deserve better  
Play your games with someone else  
I deserve better, than you  
Choking up the deuces cause I deserve better than you baby  
I deserve, I deserve  
I deserve, I deserve  
Better than you  
I deserve, I deserve  
I deserve, I deserve  
Baby I deserve, better than you
