Missing Out

Shed Seven

That sounds like I should've been there
That sounds like I, I should've been there
It sounds as though everybody laughed
But by the time I'd found out they'd all gone
I'm gonna miss, I'm gonna miss,
I'm gonna miss, I'm gonna miss, tomorrow
That sounds like I should've been there
That sounds like I should've been there
I'm gonna miss, I'm gonna miss,
I'm gonna miss, I'm gonna miss, tomorrow
I bet they laugh
I bet they laugh
I bet they laugh at me
I bet they laugh at me
I bet they laugh
