

# My Selfish Heart

Meghan Trainor

My selfish heart wasn't bit no good to you  
At least not the way it intended to, woah  
Your love was young, but it wound my old soul  
When I said goodbye I wasn't ready, no oh  
But I don't wanna waste your time  
No, you deserve to find the love of your life  
One day you'll marry such a lovely wife  
And hopefully we'll be fine!  
But baby let's keep in touch, ooh  
'Cause I'm not what you need  
But I'mma miss you so much  
I'm too focused on this dream,  
And your kiss is a drug that pulls me back so quick  
Until I pull us apart, forgive my selfish heartHey, baby let's keep in touch  
You got my number baby, go ahead and call it up  
You got my number baby, go ahead and call it up  
You got my number baby, go ahead and call it up  
Go ahead and call it up, go ahead and call it upYou were the best, but I'm never gon' let you know  
Each and every day you call me beautiful, hey  
You deserve the world and soon the world's gon' come around  
And it breaks my heart to have to let you down, yeah  
But I don't wanna waste your time  
No, you deserve to find the love of your life  
One day you'll marry such a lovely wife  
And hopefully we'll be fine!  
Baby let's keep in touch, ooh  
'Cause I'm not what you need  
But I'mma miss you so much  
I'm too focused on this dream,  
And your kiss is a drug that pulls me back so quick  
Until I pull us apart, oh forgive my selfish heartHey, baby let's keep in touch  
You got my number baby, go ahead and call it up  
You got my number baby, go ahead and call it up (Let's keep in touch)  
You got my number baby, go ahead and call it up  
Go ahead and call it up, go ahead and call it upYou got my number baby, go ahead and call it up  
Sorry I couldn't make it work, I had to call it off  
But you were the best in bed, yeah I can't deny  
You overturn them and you're one of a kind  
But I'm gone 'cause I be swerving (I be swerving)

I couldn't give you the time you were deserving  
And I admit that I was stupid when I threw our love away  
But I hope that we can still be okayBaby let's keep in touch, ooh  
    'Cause I'm not what you need  
    But I'mma miss you so much  
    I'm too focused on this dream,  
And your kiss is a drug that pulls me back so quick  
Until I pull us apart, oh forgive my selfish heartHey, baby let's keep in touch, ooh  
    'Cause I'm not what you need  
    But I'mma miss you so much  
    I'm too focused on this dream,  
And your kiss is a drug that pulls me back so quick  
Until I pull us apart, oh forgive my selfish heartHey, baby let's keep in touch  
    You got my number baby, go ahead and call it up  
You got my number baby, go ahead and call it up (Let's keep in touch)  
    You got my number baby, go ahead and call it up  
    Go ahead and call it up, go ahead and call it up
