

# Tell Me (feat. Christina Aguilera)

Diddy

Can you feel me?  
Do that sh\*\*, do that sh\*\*, do it  
Do that sh\*\*, do that sh\*\*, do it  
Do that sh\*\*, do that sh\*\*, do it  
Do that sh\*\*, do that sh\*\*, do itLet's play a game, let's pretend for a second  
You don't know who I am or what I do  
Let's just put it to the side  
I can feel your heart beating, I can hear you breathing  
Look into your eyes, trying to see into your mindSee into your soul, no limits to the levels me and you can go  
When it's me, I take control  
But it's something about you that makes me wanna change  
I like the way you dancing and the way you play the gameI like the way you take away the pain  
The way you tell me that you want it, not saying a thing  
The way you got me going, got me going outta my brain  
I see us going at it, going in and outta them lanesI don't want your innocence, I don't want you to stutter  
I don't want a commitment and I don't want you to suffer  
I don't want your number, baby, I want you to wonder  
I want you to come up looking like theres something you wannaTell me  
What you thinking about when you got me waiting patiently  
And usually, I don't have to wait for nobody  
But there's something about you that really got me feeling weak  
And I'm trying to find the words to speakBoy, I got my eyes on you  
So tell me what you wanna do  
I can picture you in my room  
Until the morningI don't even know your name  
Boy, I need to know your name  
I'm hoping that you feel the same  
Tell me if you want itI know you're gonna like it  
So tell me how you want it  
And you don't have to fight it  
Cause baby you're invited, yeahI know you're gonna like it  
So tell me how you want it  
And you don't have to fight it  
Cause baby you're invitedYour dreams fulfilled, you're rocking with the best  
Unforgivable Ima put your limits to the test  
You're pulsating, your heart is beating outta your chest  
You're hyperventilating, youre trying to catch your breath(Don't stop)  
I'm the first, I'm the next, I'm the end  
I'm the force in your thoughts, that'll make your mind bend

Look how I approached you, look how I expose you  
Look how I done studied every move, now I know youI don't wanna control you, I wanna console you  
And do everything that I told you  
Get high with me, come touch the sky with me  
Fly with me, see life with new eyes with me(Don't stop)  
I'm the dream, I'm the one, I'm the reason you come  
I'm a king, I'm a hung, I'm a beast  
I'm the last thing your eyes see, the passion's inside me  
It's yours, now come try me, c'monTell me  
What you thinking about when your hands is all on me  
Cause I've been thinking about all the possibilities  
Ain't no other place that I really wanna be  
Cause you swept me off my feet, oohBoy, I got my eyes on you  
So tell me what you wanna do  
I can picture you in my room  
Until the morningI don't even know your name  
Boy, I need to know your name  
I'm hoping that you feel the same  
Tell me if you want itI know you're gonna like it  
So tell me how you want it  
And you don't have to fight it  
Cause baby you're invited, yeahI know you're gonna like it  
So tell me how you want it  
And you don't have to fight it  
Cause baby you're invitedI got a selection of positions, affection  
With no kisses, so tell me  
Tell me how you want it, tell me how you want it babe  
I got a selection of positions, affection  
With no kisses, so tell me  
Tell me how you want it, tell me how you want it babeDo that sh\*\*, do that sh\*\*, do it  
Do that sh\*\*, do that sh\*\*, do it  
Do that sh\*\*, do that sh\*\*, do it  
Do that sh\*\*, do that sh\*\*, do it
