

# If You Wanna I Might

## Hellogoodbye

You take a seat right next to me  
And I take my lite notes nervously  
I've gotta stay calm  
I don't this to change  
I am always daydreaming  
Hoping you've dreamt of the same thing  
I've gotta stay calm  
I just want you to stay  
I've been assuming everything  
Hoping you'll soon mean everything  
I've gotta stay calm  
I want this to be real  
I don't think you're into me  
But truly thats okay with me  
I've gotta stay calm  
And find out how you feel  
So if you wanna say, "I-I-I like you"  
I might feel just like you  
If you choose, choose not to  
I knew, knew you would  
Sometimes I think I am out of my league  
And then sometimes I think I can dream  
Sometimes I wish I could be the one fish  
That you choose out of all in the sea  
We are non existent  
But I'll try to be persistent  
I've gotta keep on if  
I want to be close to you  
I know you're uninterested  
I'm probably just some stupid kid  
I could give up  
If you would want me to  
But if you wanna say "I-I-I like you"  
I might feel just like you  
If you choose, choose not to  
I knew, knew you would  
Sometimes I think I am out of my league  
And then sometimes I think I can dream  
Sometimes I wish I could be the one fish

That you choose out of all in the sea  
Sometimes I think I am out of my league  
And then sometimes I think I can dream  
Sometimes I wish I could be the one fish  
That you choose out of all in the sea
