Unlove You

Elise Estrada

Unfair, unreal
I wanna tell my heart it's a quick steal
That'd be one way
To unlove you
Undressed, unkind
That I can't erase you from my mind
That'd be another way
To unlove you
Even though my heart is tellin' me to stay
Beggin' me to stay
My self respect is telling me
I gotta walk away, so
I'm gonna say what I gotta say
Do what I gotta do
I'm gonna break what I gotta break
'Cause you were untrue
I'm gonna hurt, I'm gonna cry
It's gonna tear me up inside
I'm gonna do what I gotta do
To unlove you, to unlove you
Until I heal
I wish that I could freeze every thing I feel
That'd be one way
To unlove you
Emotions, unknown
In fact they'd only turn me into stone
And that'd be, another way
To unlove you
Even though my heart is tellin' me to stay
Beggin' me to stay
My dignity is tellin' me
I gotta walk away, so
I'm gonna say what I gotta say
Do what I gotta do
I'm gonna break what I gotta break
'Cause you were untrue
I'm gonna hurt, I'm gonna cry
It's gonna tear me up inside
I'm gonna do what I gotta do

To unlove you, to unlove you
I've gotta look you in the eye
And tell the world the biggest lie
What choice do I have
When you hurt me so bad
Wrecked everything we had
So
I'm gonna say what I gotta say
I'm gonna do what I gotta do
To unlove you
I'm gonna say what I gotta say
Do what I gotta do
I'm gonna break what I gotta break
'Cause you were untrue
I'm gonna hurt, I'm gonna cry
It's gonna tear me up inside
I'm gonna do what I gotta do
To unlove you, to unlove you
