Spam, it's pink and it's oval
Spam, I buy it at the Mobil
Spam, it's made in Chernobyl
Spam When I was a child
My family was so poor
They didn't have the finer things
In life to eat So they had a plan
In a big blue can
The government substitute
For meat, it was Spam, it's pink and it's oval
Spam, I buy it at the Mobil
Spam, it's made in Chernobyl
Spam To get me to eat it at dinner
They said I'd grow up like Bruce Jenner
He was a winner
That never knew defeat And when he got hungry
When he got hungry
He cracked open that special treat
It was Spam, it's pink and it's oval
Spam, I buy it at the Mobil
Spam, it's made in Chernobyl
Spam S P A M
Don't you know it's my best friend
S P A M
Again and again and again and again S P A M
Don't you know it's my best friend
S P A M
Again and again and again and again So go and forget your O S C A R
There's one meat by-product
That's best by far
It's Spam, it's pink and it's oval
Spam, I buy it at the Mobil
Spam, it's made in Chernobyl
Spam, everybody
