

Recall Some Great Men

Burning Spear

Let's recall some great men, who've been fighting for our rights
Let's recall some great men, who've been fighting for our rights
Let's recall some great men, who've been fighting for our rights

Let's recall some great men, who've been fighting for our rights
Recall them, recall them
Let's recall some great men, who've been fighting for our rights

Let's recall some great men, who've been fighting for our rights
Let's recall some great men, who've been fighting for our rights

Let's recall some great men, who've been fighting for our rights
Recall Paul Bogel, recall Marcus Garvey, recall
Nelson Mandela

Let's recall some great men, who've been fighting for our rights

Let's recall some great men, who've been fighting for our rights
Recall them, recall them
Recall Malcolm X,
recall Martin Luther King

Let's recall some great men, who've been fighting for our rights

Let's recall some great men, who've been fighting for our rights
Recall them, recall them
These great men were
fighting, they were fighting for our rights

These great men were fighting, they were fighting for our rights

Let's recall some great men, let's recall some great men

Let's recall some great men, let's recall some great men

Who've been fighting for our rights
Let's recall some great men, who've been fighting for our rights

Let's recall some great men, who've been fighting for our rights

Let's recall some great men, who've been fighting for our rights
Recall Paul Bogel, recall Marcus Garvey, recall
Nelson Mandela

Let's recall some great men, who've been fighting for our rights
