Six Blade Knife

Dire Straits

Your six blade knife, do anything for you Anything you want it to One blade, breaking my heart One blade, tear me apart Your six blade knife, do anything for youYou can take away my mind Like you take away the top of a tin When you come up from behind And lay it down cold on my skinTook a stone from my soul When I was lame Just so you could make me tame Yes, you take away my mind Like you take away the top of a tinI'd like to be free of it, baby I don't want it no more I'd like to be free of it now I don't want it no moreEverybody got a knife It can be just what they want it to be A needle, a wife Something that you just can't seeSix blade knife, you're strong Yes and it'll do me wrong Your six blade knife, do anything for you Do anything, anything
