

Find My Place

Samantha Boscarino

Oohhh
How did I end up here?
One of the cool kids this year
What a surprise now
'Cause all that I am feelin' is kinda weird (weird, weird)
Everyone's lookin' to me
Thinkin' how cool it must be to be popular
Oh oh oh
But I don't even know what that means
Chorus:
Am I supposed to feel like I belong
Like I'm king of the world and can do no wrong
I could just play along, play along
Oh oh oh... trying to find my way, trying to find my place
Oh oh oh... trying to find my way, trying to find my place
I'm just as lost as you feel
The whole thing's kinda surreal
Don't know what comes next
'Cause all this growin' up is kinda weird
Chorus:
Am I supposed to feel like I belong
Like I'm king of the world and can do no wrong (do no wrong)
I could just play along, play along
Oh oh oh... Trying to find my way, trying to find my place
Oh oh oh... Trying to find my way, trying to find my place...
I'm just tryin' to find my way, find my place
I'm really thick skinned I just wanna fit in.
Like everyone else, wanna know myself...
Gotta find a way, gotta find my place (I'm gonna)
Yeah...
Gonna find my way, gonna find my place
Gonna be okay, I'm gonna find a place...
Oh ooh...
(Fade)
