

FB

Nubomb

Hook

Let's keep it casual
Cause I don't know why we would get so serious
I think what we have is just crazy
Let's just
Forget about me trying to be your fucking BF
Cause I just want to be your FB

Verse 1

Two in the mourning stumblin back up to my hotel
Bud Light and Jager got me coming out my coat tails
If you promise not to catch feelings
This one night stand can be thrilling
We'll be like Mary Poppins baby
And fuck on the ceiling
I'll put your ass in rotation
You'll be my late night freak
I love how you show up buzzin
You're my new face FB

Bridge

How many people get drunk and fuck
And when you're done
Leave before the other person wakes up
FB's put both hands up
And sing the hook with me like

Hook

Let's keep it casual
Cause I don't know why we would get so serious
I think what we have is just crazy
Let's just
Forget about me trying to be your fucking BF
Cause I just want to be your FB

Verse 2

Back to Vegas to break up the monogamy here in Cali
I'm sinning drunk at Wynn
Fuck yeah I'm drunk again
I'm not trying to break your heart

So lets
Let's start with Bacardi dark
Because your feelings take the fun out of casual sex
It can turn an FB into a crazy X
That's why I don't get attached bro I just pipe um
Why you spend the night you simp
You trying to wife um?
I ain't been committed to shit but,
Getting a nutt,
And leaving while she's still lickin it up

Hook
Let's keep it casual
Cause I don't know why we would get so serious
I think what we have is just crazy
Lets just
Forget about me trying to be your fucking BF
Cause I just want to be your FB

Verse 3
No strings
No rings
Just mixed drinks
And stupid sex
What's a little manage
Between us and your blonde friend
Let's get drinking you can be me my wing man
And help me get your girl out her panty hose
For a dose of that wholesome hole fillin
Vag drillin
I'm just trying to B my L on some T's K
A FB's a BF with BJ's
Babe
Just let me hop up in it one time
One night
no lie
No love
Just legs up
Let me give you a heads up though
Because you fuck on the first night
Don't make you a Ho

Bridge

And when you're done

And sing the hook with me likeâ€™

Hook

Letâ€™s keep it casual
