

# Gorgeous (Temporex & Bane's World)

## Bane's World

i can tell that you've been crying  
i can see your tear stained face  
i can say that's not the answer  
cause baby what will weeping change

yes your youth is just a memory  
that is how it's supposed to be  
but her and i will be forever  
her footsteps follow close to me

cause you know yeah you know that you're mine dear
