

The Sting

Editors

Danger, we don't always hide around here
Now in here, I see my old friend disappear
In tonight, in tonight, People don't change,
And I know your story so well
I know your faith, it's my favorite tale to tell
You wanted to make me believe in love
You wanted to make me believe in love
You bring the money and I will be waiting
I'm in the corner with a wasp sting in my throat
Throw the money now, you never ran this town
I'm in the corner with a wasp sting in my throat Whisper to me, we'll want to escape
Now what you got, what you got that's so great
You wanted to make me believe in love
You wanted the things you dream of
You bring the money and I will be waiting
I'm in the corner with a wasp sting in my throat
Throw the money now, you never ran this town
I'm in the corner with a wasp sting in my throat I will be waiting
I will be waiting
I will be waiting
I will be waiting
I will be waiting
I will be waiting
I will be waiting
I will be waiting
I will be waiting
I will be waiting
