

Charisma

Kiss

Is it my fortune or my fame?
Is it my money or my name
Is it my personality
Or just my sexuality? Yeah yeah What is my charisma?
What is my charisma? Yeah Is it my body or my brain?
Do I drive you insane? Ha
Is it the power of my touch?
Do you need me too much, too much, too much? What is my charisma?
(What is my, what is my)
What is my charisma?
(Is it my fortune or my fame?) What is my charisma?
(Is it my money or my name? Yeah)
What is my charisma?
(Yeah yeah yeah yeah yeah) What is my charisma?
What is it I've got?
What is it about me
That gets you so hot, hot? Yeah Am I the master of your soul?
Do you lose all control? Ha
Is it my fire or my flame?
Do I drive you insane?
Charisma What is my charisma?
(Yeah)
What is my charisma?
(Is it my fire or my flame?) What is my charisma?
What is my charisma?
(Is it my body or my brain?)
What is my charisma?
(Is it my money or my name?)
(And do I drive you insane?) What is my charisma?
(What is my, what is my)
What is my charisma?
(Is it my fortune or my fame?)
(And do I drive you insane) What is my charisma?
(What is my, what is my)
What is my charisma?
(What is my, what is my)
(Charisma, charisma) What is my charisma?
(What is my, what is my)
What is my charisma?

(What is my, what is my)
(Charisma, charisma)
What is my charisma?
(What is my, what is my)
