Pretty Angry

Blues Traveler

I wish I drank tequila
I wish I stayed up late
But lately when the sandman comes
You know I just can't wait
No lately I can't waitAnd we packed up all your boxes
It's all been hauled away
I never stare at walls so bare
'Cause something always stays
Yeah, something of you staysAnd I wanna shout from my guitar
Come out, come out wherever you are
The joke is over open up your eyes
A heart like yours it never diesAnd I found your keys behind your chair
I still can see you sitting there
This isn't funny don't fool around
You let me go, you let me downAnd I guess I'm still pretty angry
And I don't wanna be
I don't know which was the bigger waste of time
Missing you or wishing instead it was meI wish, I walked on water
Pulling rabbits from my sleeve
Guessing cards and saving everyone
Oh, I wish I still believed
Oh, I wish that I believedThat I could also channel voices
That I've endured the burning blade
That I could make some of your choices
I wish I weren't afraid
Of those choices that you madeLike I could give you what you need
So ally ally oxen free
The game is up and I give in
So show yourself so that you can winCome claim your prize and I don't care
I still can see you standing there
How you could leave, how you could lie
You cut me off in mid replyAnd I guess I'm still pretty angry
And I don't wanna be
I don't know which was the bigger waste of time
Missing you or wishing instead it was meThe will to win the urge to race
I still can see it on your face
Thought I'd keep up but only crashed
I wasn't built to move that fastThought I could match you stride for stride
But I was on the other side

And holding on to the safety rail
With knuckles white complexion paleA cloud of dust and you were gone
Thought I would catch you later on
I limped behind your race was won
But were you racing or on the run?How you enjoyed, you loved to drive
And I'm destroyed
'Cause I'm alive
'Cause I'm aliveAnd I guess I'm still pretty angry
And I don't wanna be
I don't know which was the bigger waste of time
Missing you or wishing instead it was meI guess I'm still pretty angry
I don't wanna be
I don't know which was the bigger waste of time
Missing you or wishing instead it was me
