# All Smiles

## Broccoli

Smiles, all smiles
Like the sweet light of the sunrise
I'm in love with something in your smile
All smiles, waiting for the love you give me
When you do I just can't help but smileYou never have to shed a tear
Just remember that I'll always care
And when I am old, I'll see you smiling thereWhen I'm sad you're the only one who cheers me
Let me see that heaven in your smile
