Your promises, semi-nice to me,
Donâ€™t be a victim of everything you see,
Stupid games are the only way you play,
Still you weaken with every word you say,
And now youâ€™re broken,
The lights will fade,
Your words are spoken affix yourself,
Do you ever wonder what itâ€™s like to be me?
I can never be you, but you try to be me
Do you ever wonder what itâ€™s like to be me?
I can never be you, but you want to be me
Your manners ways,
Seem so fake to me,
And now youâ€™re hunted by all youâ€™ll never be,
This jealousy was in you all night long,
But you can hide it,
When everything is wrong,
And now youâ€™re broken,
The lights will fade,
The words youâ€™ve spoken affix yourself,
Do you ever wonder what itâ€™s like to be me?
I can never be you, but you want to be me
Do you ever wonder what itâ€™s like to be me?
I can never be you, but you want to be me
Ooo-la
Ooo-la
Ooo-la
Ooo-la
Do you ever wonder what itâ€™s like to be me?
I can never be you, but you want to be me
Do you ever wonder what itâ€™s like to be me?
I can never be you, but you want to be me
Do you ever wonder what itâ€™s like to be me?
I can never be you, but you want to be me
Do you ever wonder?
Do you ever wonder? What itâ€™s like to be me?
I can never be you, but you want to be me?
Do you ever wonder?
I can never be you,

Do you ever wonder?
I can never be you.
