The Boy's No Good

Lifetime

Tune the electric bass to the 3rd, 4th, 5th, and 6th string.
The boy's no good.
Yeah, he's a fuckin' hood.
He won't treat you like he should.
I heard he's making time with this friend of mine.
I heard he's talking trash.
I saw that kid last night.
He's starting fights.
He's got that nervous twitching.
He's just not the kid for you.
He's all dressed up.
He's got nothing to do, but he's got something.
He's cool as anything, but he's not good.
That boy's a fucking creep.
The boy's no good.
Yeah, he's a hood.
He won't treat you like he should.
I said the boy's no good.
He's a hood.
He won't treat you like I would.
I said the boy's no good.
Listen to what I say.
The boy's no good.
He'll fuck you anyway.
The boy's no good.
I'm gonna have a talk... the boy's no good.
The boy's no fuckin' good.
