

Harvey Dent

Tech N9ne

[Intro:]

This Tech N9ne baby
And I don't do just one thing
I'm everything
If I did one thing
All y'all would agree
But you don't. So you want me do some madness
Y'all want the crazy shit
But I just wanna kick it sometimes
Drink some Caribou Lou and KC Tea They want madness
Anghellic and sadness
Fans relish when gladness is damned
Devilish and ashes But I like this cash
This massive magazine ad
Gets crackin
Attractive chicks passin
Is rap and actresses never asses They want the clown
The paint and the evil frown
The drinkin, the needle now
The taint and no feeble sounds But I need your pounds, your pesos
Your people down with this label
And I be so bound for that halo when I be low ground? They want that black magic
That savage with bad habits
Grab at and stab rabbits
The maggot that has cabbage But I'm at that fast status
With swagger that's past average
My glasses and rag matches
Don't mean flag and it's no blast added They say bizarre he went
They love him and dark he vents
Popin the chart
He sent naughty shit to everybody's tent I wanna be at the party bent
Listenin to Parliament
Sorry this part of me's a gnarly gent
They call me Harvey Dent People be
Talkin bout
This an that
Sayin it And I hear
Can I get
Back what I

Started with
Want me, want my old shit, buy my, buy my old albums
Want my old shit, buy my, buy my old albums
Harvey Dent
They want the demon
The animal that spread the semen
The cannibal
Sign of the heathen
Who's eatin meat 'n no vegan
But I get my fees
And I'm reachin for the decent skis
And a piece of the be frequent beats
And the freak and be hit the cheesing
They want the dark knight
They want a bar fight
Hard bites
Art is the smartest thing
In this scarred life
Women that's our vice
They starin at our ice
Matter what's at the tar lights?
But I hittin the car twice
They want that killer clown
They want the milla sound
Gorilla that pill ya for scrilla
But I hold the villa down
I'm chinchilla now
With maxzilla I tap chillas
You rap niggas you hate
But it's still a crown
Just call me two face
On the right side I got healthy pearly whites
On the left side I got a tooth ache
I'm Asmodeus but then I'm Master Farah?
Black people think I'm a devil
White people think I'm a God
People be
Talkin bout
This an that
Sayin it
And I hear
Can I get
Back what I
Started with
Want me, want my old shit, buy my, buy my old albums
Want my old shit, buy my, buy my old albums
