

War Games

Crosby, Stills & Nash

Words and music by Stephen Stills

Can you stop your instincts
Can you man your thought control, sir?

Will you give the last command
Or lie to a good soldier

I'm a doubter

I'm a fool

Let me be -

All that I am

Chorus:

I am not so sure

What you want me for

Either your machine

Is a fool, or me ...

Now there is no time to wait

No time to think it over

Take the path, believe the math

You'll tell me when it's over

I'm a fighter

I've a question

Won't you answer me?

I have earned the right to know

And tell you what I see

Chorus:

I am not so sure

What you want me for

Either your machine

Is a fool, or me ...
