

I Don't Care

Pat Travers

On a bad road with no end
Ain't got no home ain't got no friends
Mouth is dry and the sun is beatin' down
Headin' in to another no-name town
Headin' in to another no-name town

Another day gone by
And I don't care
Just another day gone by
And I don't care

Spent two days with a dark-eyed senorita
Another one who tried to save my soul
But I like sex and margaritas
And I never do what I am told
I never do what I am told

Another day gone by
And I don't care
Just another day gone by
And I don't care

Ooh yeah
Sad memories tattooed on my mind
But it's okay I'm doing fine
I'm only good at being bad
And I don't care " I don't care
(I'm just gonna play my guitar)

Just another day gone by
And I don't care (ooh)

Just another day gone by
And I don't care
