

# Dance All Night (Rudedog Remix)

Jessica Wright

There's something in the air tonight,  
I can feel it taking over  
We're gonna watch the sunrise  
And lift the world off our shoulders Can you feel it, can you feel it?  
Can you feel it, can you feel it?  
Can you feel it, can you feel it?  
Are you ready? Let's go! Take it from the memo, and take it to the disco  
Gonna dance the salsa, merengue then the tango  
Diamonds and tiaras, bikinis and araras!  
Have you tried the soca? Let's live the vida loca Dance all night, with me till the morning light  
Kick off my Jimmys and feel alright  
Dance with me, dance with me all night  
Dance with me dance with me all night  
All night, all night, all night  
Dance with me, dance with me all night The party's getting hotter,  
I'm moving to the dance floor  
Pull me in a little closer,  
Turn that music up louder Can you feel it, can you feel it?  
Can you feel it, can you feel it?  
Can you feel it, can you feel it?  
(Come on, let's dance) Take it from the memo, and take it to the disco  
Gonna dance the salsa, merengue then the tango  
Diamonds and tiaras, bikinis and araras!  
Have you tried the soca? Let's live the vida loca Dance all night, with me till the morning light  
Kick off my Jimmys and feel alright  
Dance with me, dance with me all night  
Dance with me, dance with me all night  
All night, all night  
All night, all night When the sun came down, we danced beneath the moon  
And they played our song, over, over, over again Dance all night, with me till the morning light  
Kick off my Jimmys and feel alright  
Dance with me, dance with me all night  
Dance with me, dance with me all night  
All night, all night (With me till the morning light)  
All night, all night (Kick off my Jimmys and feel alright)  
All night, all night (Dance with me, dance with me all night)  
Dance with me, dance with me all night...
