

Revolution

Sophie Ellis Bextor

Get on the revolution
Get on the revolution
Get on the revolution
Get on the revolution
Get on the revolution
Get on the revolution

Bang bang! It's a hold up
You about to give it up
In the boot they're slippin' up
We've been patient long enough ('nough)
It's a hold up
Rebels gonna play it tough
Wreck the deck and needle off
Shut it down and turn it off

Face to face
It's murder on the dance floor
Cut to the chase
Just give us what we came for

Get on the revolution
Get on the revolution
Get on the revolution
(Wreck this club tonight)
Get on the revolution
Get on the revolution
Get on the revolution
(Wreck this club tonight)

Own me, own me, own me, own me, own me, own me
(Wreck this club tonight)
Own me, own me, own me, own me, own me, own me
(Wreck this club tonight)

Bang bang! In the club crowd
Better off or down and bow
Chaos holding - what a wow!
Tearing up the sound now

Ow! Shout it out loud
Now we're warming up the ground
Rip the deck and needle up
Shut it down and turn it off

Face to face
It's murder on the dancefloor
Cut to the chase
Just give us what we came for

Get on the revolution
Get on the revolution
Get on the revolution
(Wreck this club tonight)
Get on the revolution
Get on the revolution
Get on the revolution
(Wreck this club tonight)

Own me, own me, own me, own me, own me, own me
(Wreck this club tonight)
Own me, own me, own me, own me, own me, own me
(Wreck this club tonight)

Bang bang it's a hold up
Bang bang it's a hold up

Get on the revolution
Get on the revolution
Get on the revolution
(Wreck this club tonight)
Get on the revolution
Get on the revolution
Get on the revolution
(Wreck this club tonight)

Own me, own me, own me, own me, own me, own me
(Wreck this club tonight)
Own me, own me, own me, own me, own me, own me
(Wreck this club tonight)
