No One Lives Forever

No One Lives Forever

You worry too much, you make yourself sad
You can't change fate but don't feel so bad
Enjoy it while you can it's just like the weather
Quit complaining brother no one lives foreverLet's have a party there's a full moon in the sky
It's the hour of the wolf and I don't wanna dieI'm so happy dance around the grim reaper
Cuts, cuts, cuts, but he can't get me
I'm clever as can be I'm very quick
But don't forget we've only got so many tricks
No one lives forever, noYou think you've got it rough, what about your darling doggy?
In ten short years he's getting old and groggy
I don't think it's very fair cold shot low
It's all that it is my friends no one lives foreverLet's have a party there's a full moon in the sky
It's the hour of the wolf and I don't wanna dieI'm so happy dance around the grim reaper
Cuts, cuts, cuts, but he can't get me
I'm clever as can be and I'm very quick
But don't forget we've only got so many tricks
No one lives foreverYou worry too much, you make yourself sad
You can't change fate but don't feel so bad
Enjoy it while you can it's just like the weather
So quit complaining brother no one lives foreverLet's have a party there's a full moon in the sky
It's the hour of the wolf and I don't wanna dieNo one beats him at his game
For very long but just the same
Who cares? There's no place safe to hide
Nowhere to run no time to crySo celebrate why you still can
'Cause any second it may end
And when it's all been said and done
It's better that you had some funInstead of hiding in a shell
Why make your life a living hell?
Drink a toast down the cup
Drink the bones I'll turn to dust'Cause no one, no, no, no, no
No, no, no, no, no, no, no
No one lives forever
