Crazy Chance

Kavana

Remember once upon a time
I thought that you were mine
Remember we said we were meant to be
So different from the rest
I tried to do my best
to please you
Oh baby how I tried...Now you're only half a kiss away
and even when our lips meet
You're always just out of reach
trying to tease me playing with my mind
And though you're bad for my health
I keep on telling myself...Chorus :
I took a crazy chance, crazy chance on your love
I took a chance on your love...
I took a crazy chance, crazy chance on your love
I took a chance on your love...Now I'm knocking at your door,
I can't take this anymore,
You've got me, I'm on a losing streak,
It's all been said and done,
No use to carry on,
I can't take it, I've got to let you know...If you asked me for another day,
If you went on your knees,
And you begged to me please,
Couldn't stay, I know I'd lose my mind,
I really must have been blind,
It's really over this time...(repeat chorus)
I put my trust in you baby, and you let me down,
All the time I was with you was on shaky ground, girl,
Whispering, "It will be all right",
Like the way you said to me,
On the day I met you, girl...(repeat chorus twice)
Crazy, crazy, crazy, I took a crazy chance on your love
Crazy, crazy, crazy, I took a crazy chance on your love
