

Don't Go Soft

The Vincent Black Shadow

barely a secret
rest in metal
anxiously
do sit and fix it
hope the lock fits
with her keyBridge:
and there's just one more thing
to fake before you go
i'll stare at you
you'll stare at me
and fill my hand
with pins and needlesHook:
don't go soft on breaking my heart
don't go soft on breaking my heart
you're like rust
i'm falling aparttonight
tonight
tonight
tonightblunt
so you mean it
slice it even
just to see
what shades the middle
was it faded
with diseaseBridge:Hook:tonight
tonight
tonight
tonightBridge:Hook:you're like rust
i'm falling aparttonight
tonight
tonight
tonight
tonight (oh...)
tonight (oh...)
tonight (oh...)
tonight (oh...)
