

Fine Without You

Alkaline Trio

Well I'll sit here to convince myself it's true
If you keep on telling your friends that we're through
I've got nothing here but loneliness holes in walls and bleeding fists
My head is pounding like a pillow, like a big black song Well my friends and I try to tell me you're gone
Won't listen to myself or anyone
You got out a plane and off you went, you're never coming back again
I'm trying to convince myself it's true, convincing myself I'll be just fine without you
I'll be just fine without you
I'll be just fine without you
I'll be here telling myself it's true Well I'll sit here trying to convince myself it's true
If you keep on pretending you have no clue
And I'd kill for you and eat the flesh give you the heart and burn the rest
A thousand miles ain't shit to walk if I'm walking to hold you but I'll be just fine without you
I'll be just fine without you
I'll be just fine without you
I'll be here telling myself I'll be just fine without you
I'll be just fine without you
I'll be just fine without you
I'll be just fine without you
I'll be just fine without you
I'll be here telling myself it's true
