(Oooh) tell me what you think you're lookin at,  
(Noo) so I think i'm Queen Elizabeth,  
(Oooh) and now i'm stuck inside you're memory,  
(So) that's why it's so hard to get rid of me,  
i'm incredible, so unforgettable, So no one can take my place,  
I'm unbreakable, highly flammable, So girl get out my face,  
Oh my god I'm going crazy Maybe cuz were so amazing  
Everybody in there dazin' That's the reason why they're hatin'  
Treat us like some superstars and only cuz that's what we are  
You know we're going really far and ya'll ain't even heard it all

You hate cuz i'm a rockstar, a rockstar,  
A pretty little problem, uh-huh  
Your hate cuz i'm a rockstar, a rockstar,  
A pretty little problem, uh-huh  
You hate me cuz im everything that you ever wanted to be  
And that i'm lying cuz i love it when you lookin at me  
Cuz I'm a rockstar, a rockstar,  
I said that i'm a rockstar, a rockstar

I'm unbreakable, highly flammable, So girl get out my face,  
Oh my god i'm going crazy Maybe cuz were so amazing  
Everybody in there dazin' That's the reason why they're hatin'  
Treat us like some superstars and only cuz thats what we are  
You know we're going really far and ya'll ain't even heard it all

You hate cuz i'm a rockstar, a rockstar  
A pretty little problem, uh-huh  
You hate cuz i'm a rockstar, a rockstar  
A pretty little problem, uh-huh  
You hate me cuz im everything that you ever wanted to be  
And that i'm lying cuz i love it when you lookin at me

The cloud we're on is golden  
They can't fix what's not broken  
Don't act like ya'll don't know it  
Whats bout to happen now

You hate cuz i'm a rockstar, a rockstar  
A pretty little problem, uh-huh  
You hate cuz i'm a rockstar, a rockstar  
A pretty little problem, uh-huh  
You hate me cuz im everything that you ever wanted to be  
And that i'm lying cuz i love it when you lookin at me
