

# No One I Call Friend

## Bile

All of them are losers! All of them are fake! All of them are demons! All of them just take! All of them are two-  
faced! All of them  
just speak! So wrapped up in their own lies they don't see themselves so weak! NO ONE I CALL FRIEND!  
You are not my friend! All  
of them are pathetic! All of them are shit! All of them aren't worthy! They're not worth my spit! All of you are  
victims! All of them  
are thieves! Consume, devour and fuck themselves just like a piece of meat! NO ONE I CALL FRIEND! You  
are not my friend!  
You're all fucking losers! Left you all behind. I took some time to realize, you are not my kind. All of you are  
gluttons! All of you  
are mutts! Flap around in your own BILE, you fat, fucking sluts! NO ONE I CALL FRIEND! You are not my  
friend! You are not my  
friend!
