

# Stewart's Coat

[Michelle Branch](#)

Hold me love,  
I can't sleep again,  
will I have to kiss your nose,  
I wanna lay here next to him,  
love,  
I remember walking in the rain,  
rain was falling on my hands,  
I don't wanna live through that again,  
no. I know it takes love,  
love is a healing thing,  
when you give everything,  
you're loving the world,  
the world gives you love to hold onto,  
remembering,  
we seldom remember love.
