Like a Zombie

Roll out of bed just like a zombie
My eyes are bleeding
How Iâ€™m walkingâ€™s way beyond
My feet are leading
Shaking the weight that fell upon me
My eyes are seeing
How my heart beats like a haunting
Not human being
Itâ€™s alright well itâ€™s all alright
Itâ€™s alright enjoy the ride
Enjoy the ride
Well, well, well, well
The poor getting poorer, the fat getting fatter
While everyone acts like nothingâ€™s the matter
War in the heavens, war in the brain
Convincing the world that crazy is sane
Seeking to teach all the evil you hear
To deafen the ears, to cover with fear
So Iâ€™ll surmise that youâ€™re surprised
My eyes see through your crafty lies
Roll ahead like a zombie
The blind are leading
Roll ahead like a zombie
The blind are leading
Roll ahead like a zombie
The blind are leading
Roll ahead like a zombie
The blind are leading
Roll ahead like a zombie
The blind are leading you...
